

**Mission Special ICE Mobile Unit** consists of a completely fitted out trailer that can go virtually anywhere.

## Mobile Unit

We can set up and operate in venues varying from small indoor locations like school gymnasiums, basketball courts, to large outdoor locations such as school grounds, representing an urban environment, parks and hotel grounds. Best of all, try the natural jungle environment at Subic, Puerto Galera or anywhere you choose.

We carry in the trailer both the Guns and inflatable barriers that look like real walls etc. We can inflate the barriers in location and create a variety of battle scenarios, sometimes also using the natural environment as well. See pictures below.

We use the Mobile Unit for Corporate Team Building, for corporate events, like the Coke Rainfall event and for private parties or schools fetes.

Some of our recent events have been:

- o Coke Rainfall Event, for Coke Zero Launch
- o Southridge School Fair
- o Fathers Day at the Mall of Asia
- o Private Birthday parties.
- o Team building event in various resorts
- o Team Building at MMLDC

If you would like a quote please [contact us](#) or complete our [questionnaire](#) and we will respond within 1 day.

## 📣 SPECIAL OFFER:-

We have a **special discounted price** for **kids private birthday parties only!!** (we like kids!!) If they can carry a gun, they can play. See some of our guns on the website.

A package of 10 guns for 3 hours, which will include the inflatable barriers and staff to run the events. Please contact us for a quote [here....](#)

Here are pictures of some players and our inflatable barriers:
